Let me add a question to this thread, if you will? Do you think. Big Spring as a valuable wild fishery should be changed just because the wild fish in the stream aren't the 'native fish'?

Personally i have caught more brooks then bows in that stream.

Phish,

We've beaten this to death in many previous threads on Big Spring and the brooks vs rainbows debate. Apparently (for now) the commissioners..... feel that the answer to your question is "no."

(With emphasis on the "for now" part)
