I plan on going to the show tomorrow. If anyone happens to be interested in buying a 6 foot 6 inch 3 weight echo carbon, 4pc, and will be there tomorrow please p.m. me. The rod has two fishing trips behind it, I think I want to stick with lighter gear, one and two weights. \$70. Thanks. Also have a beat up but functionally fine 7' 3wt 4 pc st Croix imperial, \$45. I am too lazy to ship these lowcost rods would rather just hand em over.
