Thanks for the opportunity to chime in FishMedic. I've been fishing up there for a few decades. A few suggestions.

-Up there brookies and ll salmon our king.

-Bring your longer fly rods.

-Flows(on applicable rivers) and water temps. dicate how you will do. Be flexible. Give a river/pond an hour you will know if they r biting, or not, move on.

-Visit Maine Guide Shop web site to research and when you first get into town. Dan/Penny are straight shooters and have the daily pulse.

-Typically that time of year, streamers less so, caddis and mayfly hatches prevelant.

-Don't forget to try this areas remote trout ponds (rent a canoe on the cheap) early AM and PM. Drakes will start in latter part of your trip. My bride still loves me paddling her around as i fish...
