When this thread was new I searched the film on my dish schedule. Luckily I found it on some obscure channel. I set the DVR and it finally recorded today.

When this movie first came out I instantly discredited it and didn't watch it. This is because the only time I ever heard of it was when the ladies I worked with were raving about the "new" heart-throb Brad Pitt.

"Oh Brother! not another sappy chick-flick!"

Funny how when was younger, I could easily dismiss things based on my own assumptions.

I still do it. But not as often. I guess that's one area of improvement that I can always work on.

Great movie by the way 😊
