Just wanted to say it was nice meeting or seeing some old and new faces today. Wanted to give a general thanks to everybody that made the day enjoyable for my son. Best quote today from Gfen "I can not understand how a kid so cute, came from you" lmao. He had a blast, and I am amazed how ecstatic a child gets over a couple stickers or flies. Lol

In regards to the show. I could not believe Ripp Lips Tungston gold beads in the 12-16 range were sold out after the Friday show. If anybody is looking for a 15ft 10/11 wt Spey rod, Jonas has one for \$50 at his booth. Fredrick pushed it hard on me, but I could not justify buying it to highstick.

One regret, not being able to get Gfen to borrow a Cheeky reel and duck tape it on a Tenkara rod for a picture!
