This event is being run by pcray, Foxgap239, and myself. Please consider any response by them as "official". It is indeed an honor to be working on this event with two highly experienced fishermen (and friends).

We're looking for volunteer instructors for Presentations # 1 through #7.

Ideally, we'd like to have 2 instructors for each presentation. Instructors will be set up at "stations", and may feel free to cover their topics as they see fit to. They'll need to supply any visual aids necessary for their presentation. Instructors of the same topic are encouraged to communicate with each other to coordinate their program.

Instructors will likely have to do several presentations during the morning session, and interaction with their students is encouraged. Keep in mind, we'll all be in one big room for the morning session, so we have to be able to instruct all at the same time - ie no "lights out" slide shows.

Please post below if you'd like to instruct at this event. All instructors are requested to participate in the afternoon "On Stream" session - we'll split up and hopefully have small groups of students for each instructor.

Here's the list of presentations, and the instructors already signed up for them - remember, we need at least 2 instructors per presentation:

- 1 - Gear Setup
- 2 - Knot Instruction
- 3 - Leader Setups
- 4 - Entomology
- 5 - Fly Tying for Beginners
- 6 - Fly Casting Instruction (H.A. +?)
- 7 - Where to Fish (pcray +?)
- 8 - Wild Brook Trout Fishing (Foxgap239, Delta Dog)
