Haven't fished in a couple of weeks and it finally feels like winter the past 8 days so this weekend I was thinking ..

What are your top 10 destinations you would recommend to a newbie for the state?

Can be any reason you choose but I think it would be cool for me (and others) to comply a 'bucket' list of must hit destinations. If 10 is to much 5 is fine as I'm sure many destinations will be thrown out.

Excluding my first attempt at brookie fishing in the poconos a few weeks back, I haven't even traveled West of Pickering or North of the LL so I really don't have a list. That said I've read a lot online on the topic but prefer personal preference.
