I would suggest

- 1) Potter County, lot of streams available to fish, wild trout and stocked areas. Some FFO sections of stream as well.
- 2) Blair and Bedford counties. A lot of streams, look up the Yellow Creek Fly Fishing area.
- 3) Spring creek state college area. Fish are smart here but the area is great for a day trip.
- 4) Erie, most likely froze over but steel head are a blast
- 5) check your areas close to home. You may have a gem in your back yard.
