I'll definitely have my laptop, the only question is cell phone access to get internet access. I, too, would need to be close to electric as my laptop lasts a bit longer than Pat's but not much. Dog and I talked a little bit and one of us (probably him) will bring our tying stuff to show how to tie our brookie flies. We are also going to try to get out and video some different techniques between now and then (weather permitting) so if Pat or Bob wanted to join us for that, we'll schedule something. I'll be traveling after this week for a couple weeks but we could use the conference number to discuss plans even while I'm away.
