Thanks for the info ebroesicke. I actually ran into Officer Sabo "not for illegal reasons lol" a few times last year on the Bushkill and the Saucon nice guy from what i could tell. If i see him this year maybe ill bring up the subject.

Me and my buddy like to explore new areas we get tired of fishing the stocked swimming holes and standing shoulder to shoulder with people. We like to try catch the elusive trout and we cant always make a day of it and hit the Poconos or somewhere else.

again thanks for the info would be nice to get the area open even if it was just Special Reg catch and release to TU members.
