Thanks Pad, but I didn't do much at all. I joined the "Friends of Struble Trail" and I signed the petition. I read their e-mails updating the situation. I sent some e-mails to the Borough officials, Township Supervisors, and County Commissioners. The whole thing took less than an hour of my time, but sometimes that's all the time it takes if several thousand people do the same thing (especially around election time).

I urge everyone; when you see or hear of something that needs to be changed or get done, take a few minutes to get involved. **SOMETIMES A LITTLE EFFORT BY A LOT OF PEOPLE CAN GET THINGS DONE.**
