..... Now go get one on a wet fly you tied. 

Looks like we've created a monster. 

Great job, Dave. Dan showed me some really cool looking wet flies he tied up when we met at A&G - I'm sure he can help you out with some ideas....

Both Dan's do a nice job at the vise. Dan B has been great about showing me how to fish and to offer tips and gentle critique on my fly-tying efforts.

Did I mention that was the first fish I took on a bugger?
