Hey ry, do you have waders?

I thought about adding waders at one point but in all honesty I don't think I ever will. I think waders are probably the highest probable product to receive a warranty claim and I'm not sure if I want that hassle.

I'll have the accessories and fly boxes coming out soon, probably a few more color options for my reels this summer, and hopefully rods in the next 12-18 months. It'll just take time to progress as the money tree in my back yard is in full winter mode.
