Using this cold weather down time to build a fly assortment. I've been reading everything I can find and I plan on picking a lot of folks' brains at the Lancaster show and the March 16 jam.

Here's my list of what I have and what I'm planning on buying:

Wooly Buggers	sizes 8 & 12	chartreuse and black
San Juan Worm	10 & 12	red and brown
Jansen Minnows	8	silver/shad

Poppers (eg Boogle Bug) 4/8 chart, yellow, black

Foam Terrestrials yellow/brown/green  
(hoppers/gurglers/ants/beetles)

The following Nymphs and dries I'm thinking size 14/16:

GR Hares Ear

Copper John

BH Prince

EH Caddis

sulphur dunn & emerger

Light Cahill

Adams

Hendrickson

Bear in mind that at least 80% of my FF will be warm water for smallies, rockbass and sunnies.

Looking for feedback....thanks
