Shenk's white minnow is another great smallie pattern. My MO for last year's Lancaster show was to learn as much as I could about tying and fishing SMB patterns. I got to meet Bob Clouser and Ed Shenk and watch them tie their classic patterns. Bought one of Clouser's SMB books (which he signed for me). Bought a bunch of hooks and died bucktails to start tying Clouser Minnows. Probably 90% of the smallies I caught last season were taken on a size 4 Chartreuse/White Clouser minnow (definitely my go to bass pattern). I had a blast at last years show and learned a lot and I'm sure you will this year. It was a day well spent.
