There are several stocked streams in the your immediate area of concern. Unfortunately none of them have reproducing trout populations. So its a Spring trout season thing. Or you can check out Ten Mile Creek for Smallmouth and some late season club stockings.

Check out the PF&BC area maps. County Guide Select your county (Greene) then toggle the radio buttons on the right and hover the call outs for the respective stream names close by. You can cross check them with the stocking lists.

[PF&BC County Guide Map](#)

What time of year do you plan to fish there?
