Fish,

Thanks for the input, especially the information on the smaller creeks. Found this which refers to some of those you mentioned. We'll definitely give them a shot.

Chuck Stranahan has a great reputation. Nice website also. We'll look him up. We booked a place on the East Fork for July 5th through the 12th. It's really not that far from any of those smaller creeks, the West Fork or the main river. Thanks again.
