LONG drive. But doable if u got the right guys and time.

I'd suggest the flight to WA and then drive. Once you add the extra cost of a connector flight along with the time to switch planes, etc you can be in Conner driving, and see some nice country. Plus I'd assume a rental car would be a few bucks cheaper in Spokane versus Missoula. ? Either way, u r going to Gods Country so enjoy and best of luck. Well b out there July 3-9 as well. Missouri, Blackfoot, Madison, and Yellowstone.
