I'm probably headed to Bozeman in August this year. Plan to fly. Tickets are in the 480-510 range from Pittsburgh with a stop or 2, but have randomly seen them cheaper from Canton/Akron. So check some of the smaller airports around you too. May be a deal.

I haven't researched a single stream yet. Hoping my "guide" will point me in the right direction for most of my fishing. I'll do some research once the plans are in the books.
