Dam Jack, I figured if nothing else you'd be able to take me at my word, but rest assured, when I say crawling all over the rocks I meant thousands, not one or two. If there had been one or two I might have been more inclined to say "one or two", unless you were trying to "bust my stones". In the latter case please disregard previous commentary.

Edit: Haha, just reread. Thinking you might have meant Gordon's. Not gonna Pete the post because it's not often I get to make a cheesy stone fly pun. 😊
