Dudes don't get frustrated. I've been FFing for over 15 years and I still get a skunking streak going on. In fact, if I didn't catch trout on my last outing, it would have been 4 in a row for me too. Winter is a beotch. Keep working on it. The fish will eventually come, but learn to enjoy fly fishing for many reasons, not just the fish. A day on the water will start to become a reward in and of itself.
