I'll keep you posted with what else i find out, i may ask for a list of the streams that are getting aid. I wonder if they have this set up where a stream is on the list, in essence, waiting for someone to step up and improve it. Kinda seems "fishy", unless they have all of the money with places to go already.

hypothetical example:

chest creek, and Howels run in cambria county made the list, but no club or organization is wanting to help, so we don't have to put out the 3,000 and equipment. But we have a club/ organization that wants to help the little conemaugh, but its not on the list.

I hope that is not the case.
