Thanks. Not familiar with the area. Do you have a landmark? I normally fish outside of Norristown for trout. Need to go closer to home here (grew up there and love to fish Skipback Creek)

**GPS Coordinates:** 

40.147023,-77.125398

or

40.147836,-77.124145

If you can't figure out how to use GPS coordinates let me know and I will put in the physical addresses.
