Would you suggest working this area moving toward the river or away from the river?

Yes. 

The stream fishes well both upstream from the fly shop, and downstream. Not far upstream is the fish hatchery. Downstream from the fly shop is a covered bridge. The special regs area runs from the bridge on Fish Hatchery road, down to 800' above the covered bridge.

The fishing farther down in the parkway is good as well. This area gets stocked. If you walk far enough from the parking areas, you'll likely find solitude, and less pressured fish.

I suggest a stop at the fly shop - Dave will help you. Tell him if he doesn't help you catch fish, I'll take him on a death march in a foot of snow (he'll laugh).
