I found this thread internet fishing and just wanted to give you a little feedback.

The musky fishing this past season was great IMO. This past year was probably the least I fished but I saw more decent musky this year than ever. I didnt catch any monsters (mid upper 30's was my biggest) but had numerous short outings where I raised 2-3 fish in maybe a 2 hour session. This was all done from the bank too.

I should have a lot more free time this year to chase them.

Thanks for keeping Marburg a great fishery. The past 2 years it has treated me well.
