TimB wrote:

See avatar for best fishing hat ever. It's ever rattier now than when I took this pic which gives it more character. Maurice offered to take up a collection so I could buy a new hat, but I took offense to that notion. I can afford enough duct tape to keep it together for at least another decade.

Tim

I have one of those that a bit rattier also, have another one thats in better shape, I keep that one for when I get dressed up 😊
