I caught a small muskie (about 13") on a 1wt fly rod and a 1" Beadhead Marabou Streamer size 14!

This muskie was caught in mid winter (Jan 2012) downstream from the warmwater discharge in the Susquehanna (Brunner's Island). This could be a "world record" I have never heard of anyone catching a Muskie on a UL (1 wt) fly rod?

Tight Lines,
1wt
