I've been tying and using the Frenchie for almost a year. I tie them on hook sizes 16 to 22 both weighted (tungsten beads and lead wire) and un-weighted. I've fished them as an anchor, lead and point fly. They just flat catch fish. The only change I've made to Egan's pattern is to substitute barred duck feathers tailing material for Coq de Leon as it's expensive and I'm cheap.
