Key is absolutely correct.

If you're on a budget there are plenty of really good reels in the \$50 - \$100 range. Orvis, Ross, Greys, even Bass Pro Hobbs Creek for under \$50 is a quality reel.

Spend the difference on a rod.

Don't go too cheap on fly line but you don't need to spend \$75 either. Orvis Clearwater or Rio Mainstream are mid priced quality lines and I'm sure there are many others as well.

Look into buying discontinued but still fully warranted models at your local fly shop or online at Sierra Trading Post, Farmington River, Cabelas etc.

Buy used. You don't get the warranty but you might pickup something really nice dirt cheap.
