The lightest I had previous is a 10 ft -4wt Streamflex - (my nymphing rod) And my 5wt Clearwater 8'6- so yes having a 2wt is so much fun.

I thought even in the wind the rod could present a size 26 CDC olive on that particular stream. 20-30 feet being a long cast - Got into 7-8 fish yesterday and to be able to feel even those VC fingerlings was really something.
