New Pipes around lower Trindle Spring Run

Author: : Night\_Stalker

URL:

I've been noticing multiple new pipes being laid around the lower Trindle Spring Run (Mechanicsburg, Cumberland County). Is anyone "up" on the intent? The quarry behind Target /Wegman's or Sewage Plant are most likely the intended users. Bulldozer and pipes parallel the Run beside Wegman's.

Just trying to "act locally"...

Here is the Fish and Boat Commission's Biology Report:
