my buddy got into a rather heated argument with a FFer on the breeches two weeks ago. the guy pretty much tore him a new one for spin fishing

Was it Bob?

Seen a spin guy on my local stream yesterday. Seemed like he was lost. Walked right past a whole riffle section that can hold some nice fish. Made my way up to where he was fishing. He was using some kind of chartreuse spinner. Did t see him catch anything. I turned 3 nice fish an idratherbepishin caught a nice high teens bow.
