I am setting up a fly fishing package to auction to help a family in need whose daughter is battling cancer. The money from this acution will help cover their travle expenses to vistit their daughter in the hospital. I am going to try and get a complet package ready and tie up a bunch of flies for this as well. I approached George through email to see if he would donate to this auction. He is sending a flybox of TCO flies for this.

He responded in probably 5 mins. My hat is off to him and he will have my business the next time I am near his shop.
