I also fish the Gun and mainly use a 10 foot, 4 weight rod. That being said, I have an 8 foot, 2wt Orvis Superfine and use it on the Gun during lower flows and when I'm using midges and smaller nymphs with fine tippet. I do use a 3wt line and don't have any problems casting.

I also fish smaller streams throughout PA and MD and use the Orvis rod and love its performance.

I guess it's all about what you're comfortable with.
