Atleast the fish didn't end up in a cooler. I have been up on the WB at the quickmart and guys have shown me coolers full of nice 18-24" trout. Talk about depresssing.... The told me they caught them all on crank baits too.... Trebles are not good for anyone, Fish or people. I have removed a number of trebles from peoples hands over the years. It is alot easier to remove a single from a person or a trout.
