Hey Sipe, if you cross the river into my neck of the woods, I'll be glad to take you to a few places where you'll have a 7-10 fish day but you gotta show me around some York Co. streams!

As far as "how to do it", a huge thing is just location. If you're fishing a stream that simply doesn't have those types of numbers, you're not gonna do it! If you fish a stream that is absolutely littered w/ trout, it is considerably easier 😊 Sometimes the big number days are an issue of being in the right place at the right time.
