Gaeron,

I spoke with Mr. Schaffer about the Newbie Jam on the 16th and he expressed some interest. You may want to discuss the possibility of attending the even as an outing for your club.

It will have morning "classroom" instruction and afternoon "on-stream" instruction. A good way for your more novice members to get some more instruction.

Tell Mr. Schaffer that Dan and I had a good time fishing with him.

Keep up the good work.
