Welcome to the jungle!

Read here, ask questions and heed the advice you get! There are some great anglers in this community and they are great at providing advice to beginners.

Look for on-line resources, such as the Orvis learn to fly-fish section here <http://howtoflyfish.orvis.com/>  
If you can make it over to the Newbie Jam, you will be bombarded with information, and have the opportunity to get on-stream instruction from a fine group of people.
