Heading to Hancock area for blue quill, hendrickson and shad fly hatches. Great hatches, beautiful surroundings and plenty of good fish. Dates are subject to change due to big releases or an early season wind storm.

Anyone is welcome to join. In the early season, wading may be somewhat limited depending on flows. 5-7 weight rods will be needed for early season fishing. Cold weather and rain are always possible in that neck of the woods so make sure you have the proper clothing packed. Reply here or PM if interested.
