Part of the "you should have been here 20 yrs ago" idea that is so prevalent in hunting and fishing today is that we seem to have a "selective memory" about these pursuits and the actuality often becomes lost after a few years.

Penns is a wonderful fishery that is enjoyed by many. Perhaps in the past there were fewer fisherman but I just don't believe that the fishing was significantly better.

Disclosure: I can't catch fish on Penns to save my life.
