I am a hip boot guy, easy on easy off. Also one water pill a day and a pea like a pregnant women. I checked and it appears there is no one in the area caring frog togg hipers. I did have a pair of boot foot waders from frog toggs. Wore them about 10 or 15 times in salt water and they leaked but my warranty was up. Perhaps I will keep buying the \$40.00 cheap oos.
