Didn't do as good as I expected, but my brother and I caught 7 or 8 all together and lost probably 4. Fished pretty much all day though in most of the DHALO. Tons of ice on the rod early on which was a pain. And it was PACKED. Pics coming tomorrow once I get home(staying at relatives).

Also ran into fellow PAFFer fishingnoob. It was nice to meet you!

I'll be back on it tomorrow. As for conditions, they're ok but it's getting low.
