Send it back. Seriously Mo is York County being attacked with bamboo like I am seeing here in Delco and Chesco?

We have a few groves of bamboo on Muddy. Not in the FFO area though. Its actually a pretty good bank stabilization plant. Not that I encourage it but it is hearty. and it doesnt lose leaves in winter. SO there is that. (shade)

It is also very difficult to eradicate multifloral rose and other invasive pricker bushes. You can cut them back but they come back. You need to remove them by digging out the entire root system. then replant.
