14-16 Frenchie (because of the frenchie thread)

22 Zebra (because it's my favorite midge, usually tie them at 18 w/ a bead, didn't have a bead for the 22 so I tied a thread head)

26 Olive CDC Comparadun (because it's olive season and they're usually small where I fish)

Feel free to critique.

Fox, I'm interested on your opinion of the comparadun since you tie and use them.
