We had a lot of fun. I think we spent more time laughing and joking than fishing:)

The highlight was watching Staggers reaction when he caught a fish. The look, the smile, the words that came out of his mouth were Priceless:)

Everytime I fish with someone from the forum I always have a good time. Even you pcray, except you make me work too hard :) lol

I needed a day out like that after being in the house most of the winter. Thanks Volkesnurse and Stagger
