The time of year makes a difference - the best time would be Oct-early Dec but late April - early June is good too. Mid summer is tough and wintertime is almost non-existent. Dewey is a good area although it has been many years since I've fished there. I'd focus on Indian River inlet (there's a thread buried somewhere on the site about IR Inlet). Roosevelt Inlet is good in springtime for weaks. Spring and fall will have stripers and blues on the beach (if your timing is lucky). Your kayak will be lots of fun in the back bays.

EDIT: Thanks Vcregular (found the previous thread)!
