Hi, I'm new to both your forum and to NE PA fishing! I'm really looking forward to fishing the small brookie streams and I'd like to get a outfit for it. I've currently got a Sage XP 9'5wt and a Sage VT2 9'4wt. I'm thinking of something in the 6.6 to 7.6' range in a 3wt. I'd like to spend no more than \$500 on both rod and reel. What rod/reel combo would you put together if you were to do so today?

Thanks!
