URL:

Was out today on the Tunkhannock Creek with Dan (Moonbeam) and getting pretty chilled when this guy took my Green Weenie. Nice hold-over rainbow. Seemed to be in good health, nice and chunky.

Dan and the Heritage Angler both told me many times that the pleasure increases when you are catching fish on flies you tied yourself. Certainly is true for me.

Only thing that sucks is having to try and improve my fly fishing abilities while trying to learn fly tying!
