It certainly was a good day!

I'd like to thank all the instructors - you guys did the excellent job I knew you would.

It was a day of surprises, and I certainly got more than my share of them! 😊

Today reminded me what good friends I've met through PAFF. I hope everyone makes the kind of friends that I've met here. Good fishing buddies are the best kind of friends, and I've been blessed with some truly great ones.

Here's a brief slide show of the day - I think I got all the instructors except krayfish. He just moves too quick to get a picture of. If anyone has any pictures of the day that they'd like to add to the slideshow, just PM me, and I'll give you my email address to send them to.

Special thanks to UFMGuy for spending the morning showing us his incredible products. You answered the only question I had in like 10 seconds. Your "GPS Fishing Guide" for Garmin is one incredible tool for finding streams, and I highly recommend his products for Newbies and experienced fishermen alike. They can pay for themselves in just one trip in time and gas savings, and the smart phone versions are even more capable. Just amazing!

Thanks again to all that made this a fun and educational day!

H.A.
