Thanks, nick. i kind of figured fishing was probably allowed and the signs were for the area closer to the quarry, beyond the stream. i will look into a blasting schedule. I can totally understand why they wouldn't want people in there though. There is trash everywhere and the remnants of a fire on the trail at the upper end of the dhalo. A fire? really?

wc, all of the fish were caught on a size 8 SJW and a size 18 or 20 black zebra midge tandem.
